

PETER JONAH JOEL

Business & Partnership Lead | Intermediate Data Analyst

Email: youngsmart2020@gmail.com | **Phone:** +234 8030467034

Location: Bauchi City, Nigeria

Strategic Partnerships and Business Development professional with intermediate-level data analytics expertise. Currently serving as Partnerships & Business Development Officer at Enovate Lab, where I lead strategic collaborations, employer engagement, and growth initiatives. Combine business acumen with growing data analytics capabilities to drive data-informed decision-making. Proficient in SQL databases, data analysis, and market research. Demonstrates strong capability in stakeholder engagement, market expansion, operational efficiency, and data-driven partnership strategies.

Core Competencies

Business Development	Data (Intermediate)	Analytics	Operations
Strategic Partnerships	SQL & Databases		Project Management
Employer Engagement	Data Analysis		Team Supervision
Market Expansion	Market Research & Insights		Process Optimization

Featured Projects & Achievements

Strategic Partnership Development - Enovate Lab

Role: Partnerships & Business Development Officer | **Duration:** May 2025 - Present

Led development and execution of strategic partnerships with private sector, government, and development partners. Drove employer engagement initiatives to secure placement and collaboration opportunities, identifying revenue and growth opportunities aligned with organizational objectives. Utilized data analysis to evaluate partnership potential and market opportunities. Supported proposal development, partnership agreements, and contract negotiations. Strengthened external relations and represented the organization in critical stakeholder engagements.

Operations Leadership & Business Transformation

Role: Chief Operations Officer (COO) | **Duration:** December 2024 - April 2025

Oversaw daily business operations and coordinated cross-functional teams across multiple departments. Improved operational systems and internal processes to enhance efficiency and productivity. Utilized data analysis to identify bottlenecks and optimization opportunities. Managed administrative functions and supported executive leadership in strategic execution. Implemented process improvements that streamlined workflows and increased organizational effectiveness.

Data Administration & Field Operations - National Population Commission

Role: Chief Facilitator & Specialized Workforce | **Duration:** February 2023 - October 2023

Led data administration and field coordination activities during national operations. Supervised and coordinated field teams to ensure accurate and timely data collection across assigned locations. Ensured data integrity, compliance with operational protocols, and reporting requirements. Analyzed collected data to identify trends and provide actionable insights. Provided on-ground problem resolution and stakeholder coordination to maintain efficiency and operational continuity.

Data Analytics Expertise (Intermediate Level)

Analytics Proficiency Summary

Currently at an intermediate level in data analytics with hands-on experience in SQL, data analysis, and market research. Applying data-driven approaches to business decisions and operational improvements. Strong foundation in database management and analytical thinking. Continuously developing advanced analytics and visualization skills.

Data Analytics Technical Skills

SQL & Databases	Database queries, data extraction, data cleaning, SQL optimization
Data Analysis	Descriptive analytics, trend analysis, pattern recognition, data interpretation
Market Research	Competitor analysis, market positioning, stakeholder research
Data Management	Data integrity, data validation, reporting, documentation
Tools & Platforms	SQL databases, spreadsheet analysis, data visualization foundations

Continuous Learning & Development

Current Focus Areas:

- Advanced data visualization techniques (Power BI, Tableau)
- Statistical analysis and hypothesis testing
- Business intelligence and BI tools
- Python/R programming for data analysis
- Predictive analytics and forecasting

Certifications Obtained:

- Database (SQL) Certificate - Solo Learn (2021)
- Master of Business Administration (MBA) - Udemy (2025)
- Executive Assistant Professional Certificate - Udemy (2025)

Professional Experience
